

§ 1416.602

loss from one nursery will not be offset by production from another nursery operated by the same applicant.

§ 1416.602 Application process.

(a) Producers wishing to receive benefits must submit a completed application and report of acreage identifying the geographic location, number of acres in the disaster-affected area, the inventory value before the hurricane, and the inventory value after the hurricane to their local FSA Service Center at the time an application for payment is being filed as provided in §1416.5. The value of the inventory is the producer's wholesale price list, less the maximum customer discount they provide, not to exceed the prices in RMA's "Eligible Plant List and Price Schedule."

(b) Applicants must certify and provide adequate proof that the losses and expenses incurred to eligible nursery crops were a direct result of the applicable hurricane during the disaster period.

§ 1416.603 Payment calculations.

(a) Payments are calculated by multiplying the difference between the beginning and ending inventory value times 25 percent times the producer's share of the loss. The payment for production loss is subject to the payment limitation and AGI provisions.

(b) Producers are also eligible for a payment of \$250 per acre for debris removal and associated costs from hurricane damage if they can document that these costs were equal to or greater than \$250 per acre. None of the payment for cleanup is subject to the payment limitation and AGI provisions.

(c) In addition to the prohibition of §1416.6(g), producers cannot receive duplicate benefits under this subpart and subpart H of this part, the Hurricane TAP, for the same loss.

§ 1416.604 Availability of funds.

(a) In the event that the total amount of eligible claims submitted by eligible nursery producers under this subpart and subparts D, E, and F exceeds \$95 million, each payment to an eligible nursery producer shall be reduced by a uniform national percentage, as determined by CCC.

7 CFR Ch. XIV (1–12 Edition)

(b) Such payment reduction shall be applied after imposition of applicable per person payment limitation as provided in §1416.6.

Subpart H [Reserved]

Subpart I—2005 Catfish Grant Program

§ 1416.800 General.

(a) CCC will administer a limited program to provide assistance to catfish producers in eligible counties. Under the Catfish Grant Program, CCC will provide grants to the State governments of States where eligible counties are located. The amount of each grant will be based on the total value of the catfish feed loss suffered in every eligible county in the subject state as determined by CCC. Available grant funds under this subpart and funds under subpart B of this part will be uniformly prorated to ensure that available funding is not exceeded. Catfish producers in eligible counties who suffered at least a 30-day catfish feed loss may be eligible for these funds. Among other conditions of these grants, assistance provided by a State under such a grant to an applicant shall not exceed \$80,000, except for general partnerships and joint ventures, in which case assistance shall not exceed \$80,000 times the number of members that constitute the general partnership or joint venture.

(b) No producer may receive duplicate payments under this subpart and any other Federal programs for the same loss.
